PETITION FOR RULEMAKING

FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

On this the 1st day of March, 1993, Georgia General Partnership "Mitchell County Television" respectfully request the assignment of Channel 222A to the City of Pelham, in Mitchell County, Georgia.

Mitchell County Television produces local news and entertainment programs that are cablecast on the local cable system and is the holder of an LPTV construction permit for W02CE. The partnership commissioned a search of the FM band to locate a channel for Pelham, Georgia. The results of the search showed that FM Channel 222A can be assigned to Pelham, Georgia without requiring a deletion or substitution in Section 73.202. Exhibit TE-1, which is attached and hereby incorporated, shows that Channel 222A can be located in Pelham with a site restriction to the South of the City.

The assignment of Channel 222A would be the first such assignment to Pelham and would provide the city with

it's first audio broadcast service and an additional source of news and coverage of local events.

As a result of the foregoing, **Mitchell County Television** respectfully requests the Commission to amend Section 73.202 to specify the assignment of Channel 222A to Pelham, Georgia. Upon assignment **Mitchell County Television** shall apply for a construction permit, and upon grant, shall promptly construct it's station.

**Respectfully Submitted,**

A handwritten signature in dark ink, appearing to read "Jerry E. White", is written over the typed name and title.

**Engineering Exhibit  
Supporting the Assignment of  
Channel 222A to Pelham, Georgia**

**I. INTRODUCTION**

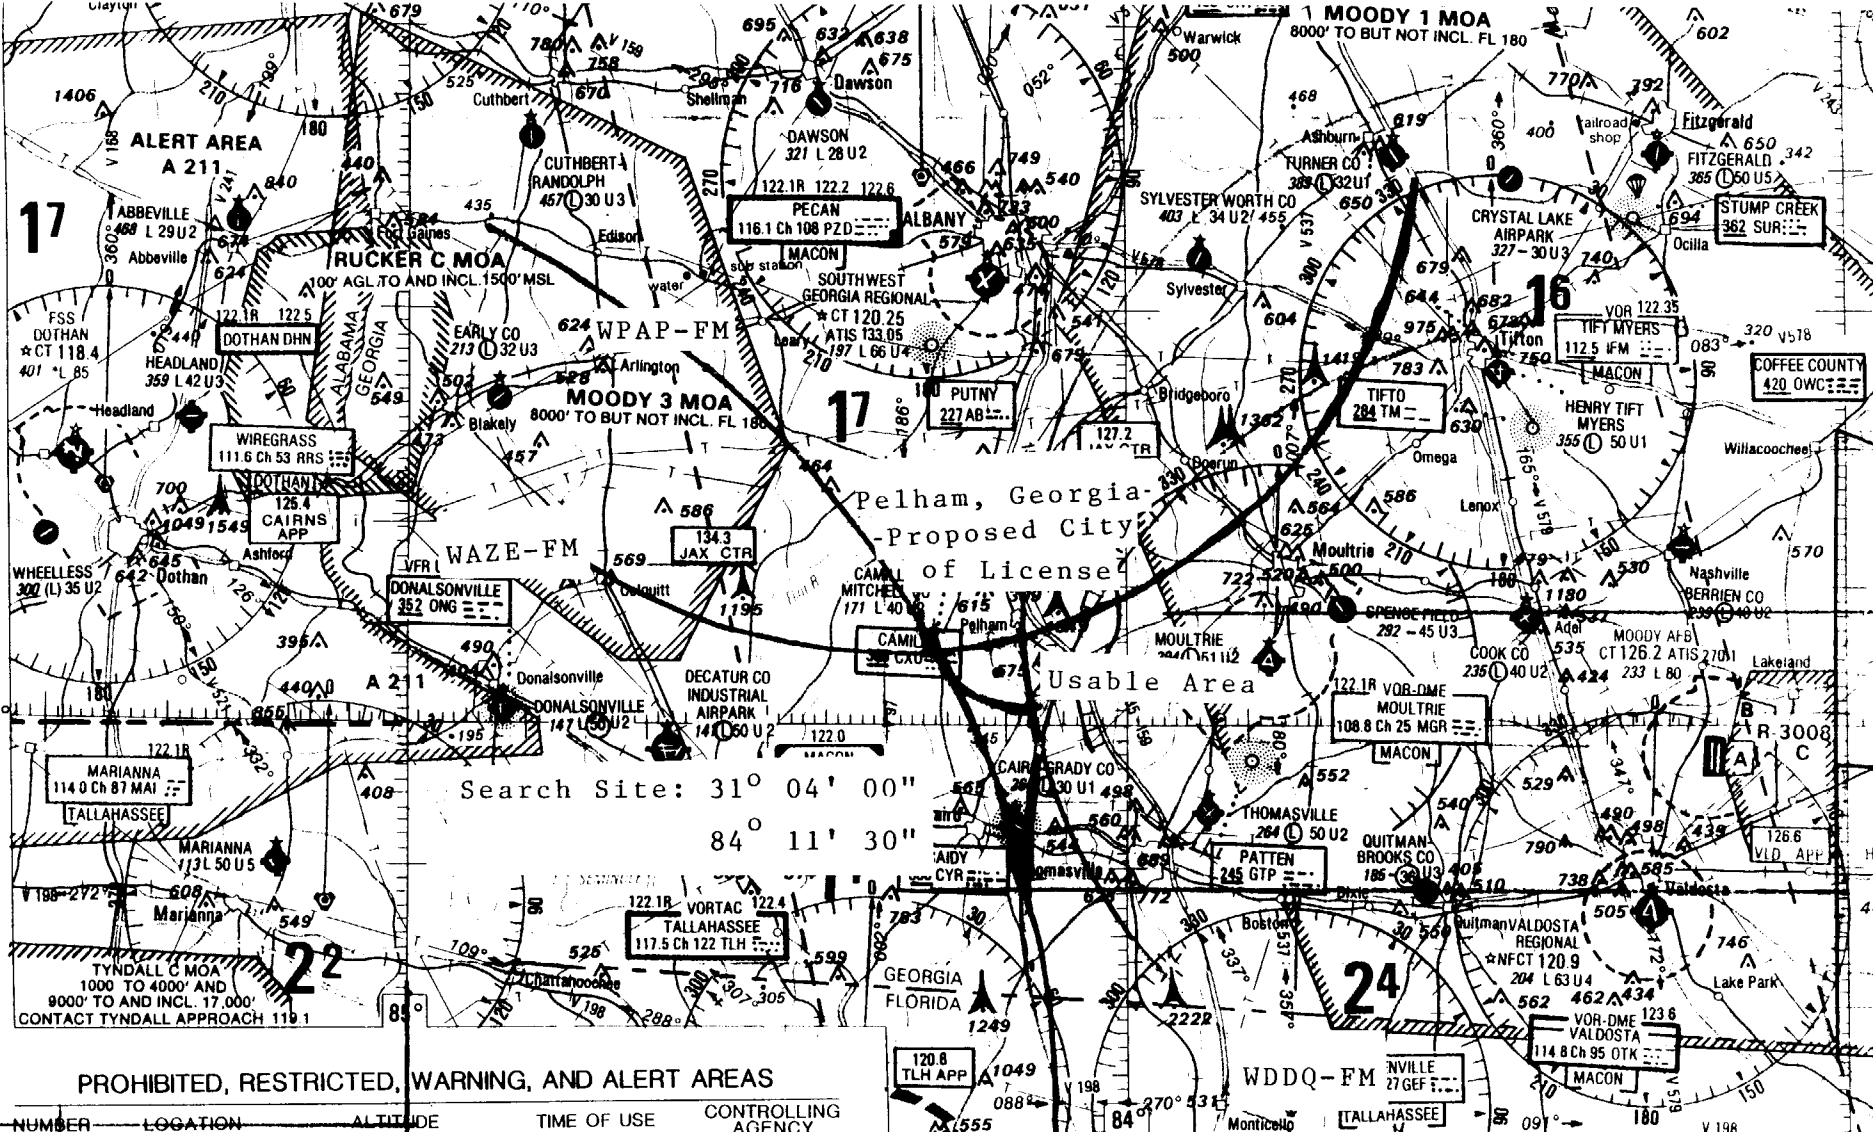

*This engineering exhibit has been prepared to support the assignment of Channel 222A to Pelham, Georgia.*

**II. DISCUSSION**

*In accordance with 73.207 of the Commission Rules "Minimum Separations between co-channels and adjacent channel stations on commercial channels", channel 222A and the three upper and lower adjacent channels along with the I. F. taboos were examined. The results of the examination are shown on Exhibit A and B (non-commercial channels 219 and 220 are also included as part of this study).*

**III. CONCLUSION**

*Channel 222A can be assigned to Pelham, Georgia, in accordance with Section 73.207 without causing a deletion or substitution in the present table of allotments and will not cause harmful interference to any co-channel or adjacent channel assignment. As a result of the foregoing conclusions it is respectfully requested that Channel 222A be assigned to Pelham, Georgia.*
